What you can always count on

- Your personal portal 24/7 — legalsol.pl → “Cabinet”: case stage, payments, updates and chat with your specialist.
- We reply on WhatsApp within 15 minutes during business hours.
- You hear from us about every movement in your case — and we check its status every business day.
- If the office refuses — we appeal for free. 98% of our cases are approved.

Waiting times in Poland are long — that is how the law works here, not a problem with your case. While the office is silent, we are working: watching deadlines, answering requests, keeping your case moving. You are never alone in this.
